# ICE (Interactive Customer Satisfaction) We Are Listening

By Heather Dursi

ICE surveys are not always a favorite and can often be cause for concern. It can be hard to hear criticism when we do our best to service our customers. While no one likes receiving negative feedback, ICE surveys are in fact an indispensable tool for the Defense Finance and Accounting Service (DFAS) to not only "hear", but to "listen" to what our customers are saying about us, and to "improve".

DFAS is able to learn a lot from ICE surveys. They give the Defense Military Pay Offices (DMPOs) the opportunity to hear our customer's feedback (critical or positive) about our products, services and customer service. The DMPOs will use this feedback to identify emerging trends, areas in need of improvement, and areas of excellence and capitalize on those areas to ultimately provide better customer service. ICE surveys are not just beneficial to the DMPOs, they also benefit our customers in a variety of ways.

ICE surveys provide a mechanism for the DMPOs to listen to our customers. These surveys provide an avenue where customers get a chance to tell their side of the story, both positive and negative, of their DMPO visit. When customers feel that we value and will take action concerning their experiences, they will take the time and effort to tell us their story. They will feel important and valued. Offering customers the opportunity to take an ICE survey is a great way for us to say "we value what you

think is important and will incorporate change into our Customer Service mandate."

Offering ICE surveys to our customers also shows them that we are striving to make things better. They will sense that we are looking to continually improve. Our customers realize that we are human and they don't expect perfection, but they do want us to pursue improvement. We are here because of them and their service to our nation.

You may think you already know what your customers are thinking and what they want, but the fact is we don't know if we don't ask. ICE gives us the platform to ask. It is true that we are not going to like everything we hear, but it's necessary. Customers take surveys because they either like or dislike their experience while visiting the DMPO. DFAS desires to hear, listen, and to improve their Customer Service based on what the customer tells us about their experience. Please encourage our customers to take a moment to complete the ICE survey in order for our DMPOs to provide the ultimate Customer Service experience.

Remember, our customers are talking about DFAS whether we listen or not. ICE is a great way for us to listen to what they are saying.

IDP Proration Guidance for Temporary
Absences from an IDP Area

#### MILPAY Messages 12-044

Effective 1 June 2012 all units must track Soldiers who depart an IDP area. Units are required to provide the appropriate personnel accountability information to the servicing finance office to ensure IDP proration adjustments are recorded on the Soldier's pay record.

For all absences outside the IDP area, the unit will submit a DA4187 reporting the dates of the absence. The 4187 will state the date the Soldier departed and returned as reflected on the DA31. Do not submit the DA31 as the source document.

For TDY, submit the paid settlement voucher (DD1351-2 or DTS) as the source document for making IDP proration adjustments.

**Entitlement Verifications** 

Finance is required to perform periodic Entitlement Verifications on service member's pay. This month entitlement verifications for COLA, Parachute Pay, Flight Pay, Stress Duty Pay, and Dive Pay have gone out with the Unit Commander Financial Report's (UCFR's).

It is imperative that these entitlement verifications are reviewed and any changes that need to be made are annotated and affected service members are sent into the Finance Office for corrections. There are Suspense dates on the cover letter of these entitlement verifications and this month will be August 30<sup>th</sup>, 2012. The Unit commander should be signing the last page, confirming that they have reviewed all notations and agree with their soldier's pays. Please have all reviews and corrections submitted to Finance by the suspense date.

Failure to comply will result in the stop of the entitlement until verification is complete.

#### SRP

Information pertaining to deployment entitlements can be found in the DODFMR, Volume 7A, Chapter 17, Chapter 24, and Chapter 27.

The Fort Carson Defense Military Pay Office SRP station has had several Soldiers who

have returned from a deployment and processed through SRP Finance with their deployments entitlements still being paid. All deployment entitlements should be stopped on the day the member departs the station as a result of permanent change of station reassignment. Since the other stations do not make input to stop deployment entitlements we need a copy of either the manifest showing the dates that they departed theater, release from theater orders, or redeploy orders with date of departure from theater listed.

This procedure is in place to ensure that deployment entitlements are stopped on the correct date and the Soldiers are not over or under paid. If the Soldiers arrive at SRP without these documents, the Soldiers will receive a No-Go at Finance until the documents were produced. S1's should ensure that Soldiers have either a manifest showing the dates that they departed theater, release from theater orders or redeploy orders with date of departure from theater listed. Please have a copy of these documents in the Soldier's SRP packet prior to arriving at SRP.

their designee are exempt from mandatory collections, and pay account collections will be suspended or adjusted with a credit.

Claims for missed meals are only authorized for meals missed due to mission requirements and that are supported by individual signature headcount records (DA Form 3032). Submission of the DD Form 1475 (Basic Allowance for Subsistence -Certification) for missed meals is not authorized for: meals that were not consumed due to personal preference; that are accounted for by the one line entry method on DA Form 3032 (Signature Headcount Sheet); or present for duty certification as used under the Combat Field Feeding System (CFFS). This method of reimbursement for missed meals will be used by both officers and enlisted personnel.

Unit commanders will ensure a DD Form 1475 is prepared within 3 working days following an exercise. It will reflect the names and meals missed by enlisted and officer service members due to duty requirements. After all data has been entered, the military supervisor of those personnel who are listed on the form will verify the data and enter this statement: "The data above is true and correct to the best of my knowledge," on the next open line on the DD Form 1475. They will then sign and date their statement. The certificate will be approved by the commander who will then forward it to the S1/PAC Section for transmittal to finance.

Upon receipt, the FAO will verify receipt (DD Forms 1475) and return a copy of the transmittal letter to the unit or PAC. If the finance verified copy has not been received within 30 calendar days, the unit commander or PAC will initiate follow-up action.

#### Travel

#### **Dislocation Allowance**

Information pertaining to Dislocation Allowance can be found in *Volume 1*, *Chapter 5: Permanent Duty Travel, Part G: DLA of the Joint Federal Travel Regulation.*

The following documents are required for a DLA Advance: PCS Travel Advance Request Form, Orders, and a DA FORM 31. If a soldier does not receive a DLA advance, all documentation will be collected to receive DLA during inprocessing at the new duty station.

If a service member's PCS orders authorize movement of dependents, the service member will be reimbursed using the DLA rate at the with dependent rate. To receive this rate, the service member must complete Box 13 on the DD 1351-2, Dependents' Address on Receipt of Orders.

If a service member does not have dependent, is not authorized travel and transportation allowances for travel of a dependents, or does not relocate dependents the service member will be reimbursed at the without dependent rate only if the service member does not reside in the barracks.

#### **Travel Settlement Information**

Information pertaining to travel settlements for separating soldiers can be found in Volume 1, Chapter 2, Section U2605 of the Joint Federal Travel Regulation.

When submitting travel vouchers to DFAS Rome, ensure that the following documents are included: 1351-2(Travel Voucher), 2 copies of orders and amendments, Copy DD Form 214 (member–4), Copy of Vehicle Registration for POV's if authorized return to O-CONUS, and Travel advance information, if applicable.

Soldiers separating from the Army are entitled to \$.23 per mile for each POV. To calculate the number of travel days authorized, the total number of miles is divided by 350 miles per day. If the remaining mileage is more than 50 miles an additional day is authorized. For example, 800 miles of authorized distance would be 3 days of travel 900/350 = 2 days with a remainder of 100 miles, 100 is greater than fifty so one additional day is allowed for a total of 3 days travel. Orders must say "Dependents- Yes", to be reimbursed mileage for a second POV. Soldiers are also authorized \$123.00 of per diem for each authorized travel day plus \$92.25 per day for each dependent age 12 and over and \$61.50 per day for each dependent
